Affordable, Quality & On Time Deliveries

Since 1996 MBM has been providing regional manufacturers with high precision machined parts, components, assemblies and class 101 plastic injection molds. We offer large capacity CNC milling of prototypes, short runs and fully 3D machined parts. We are ISO 9001:2015 certified and ITAR registered.

We have grown to occupy a 14,000 sq. ft. building in the heart of the manufacturing district in Easthampton Massachusetts. We employ 18 full time machinists.

The core of our equipment is as follows:

(2) Kitamura Mycenter H400 Horizontal Mill - 2020

Kitamura Mycenter HX400i Horizontal Mill

Okuma Space Center H400 Horizontal Mill

YCM NXV1680 vertical Mill

65" X, 30" Y

(4) YCM NXV - 4 axis 1020 Vertical mills

40" X, 20" Y

TV158B Cat 50 Vertical machining center

60" X, 34" Y

(2) YCM 108A- 5 Axis machining center.

44" X, 30" Y, 30 tool capacity

**(1) YCM 108B- 5 Axis machining center.
44" X, 30" Y, 30 tool capacity**

**Cincinnati Sabre 750 CNC vertical machining center
30"X, 20" Y, 21 tool capacity**

Devlieg 3-B Jigmil

Mori Seiki SL5 CNC Lathe 20" diameter, with tail stock

Hardinge Precision CNC Lathe

2 - Trak 1845 lathe

12-24DX Okamoto NC wet grinder

16-32 Okamoto wet grinder

6 x 18 Mitsui surface grinder

8 x 18 Mitsui surface grinder with Opti-Dress

6 x 18 Okamoto surface grinder

(2) Cincinnati I.D./O.D. grinders

(2) Agie Mondo Star 50 EDM Sinker with tool

Changer and Erowa tool holding system

2022 Hexagon 5.75 Global S Green CMM

**We also have an EZ Trak Bridgeport, (2) Bridgeport millers,
Mazak & Victor engine lathes, DoAll band saw, and much more equipment and tooling. Our
inspection department is well stocked with all the gages we need.**

**Our most valuable asset is our staff , with years of experience, spirit and
dedication.**
